It is crocheted in rows, that is, each row starts with a chain, at the end of each row, turn.

- 7.-12. (6 rows) sc in each st (18)

Work a row of sc at the bottom of the piece to give it a more beautiful finish.

Fasten off, leaving a long tail for sewing.

Sew the top piece to the bottom piece right underneath the crab stitch row. Carefully sew through each stitch, to secure the pieces together.

If You wish to, cut an oval piece of strong cardboard and place inside the stroller.

Using a yarn that is a bit thicker, You can crochet a „mattress“. Make an oval big enough to fit inside of the stroller.

Pillow:

*In desired colors, use same yarn as the doll
2.5 mm hook*

Crochet in rows. At hte and of each row chain 1 and turn.

1. Ch 9, sc in 2nd ch from hook, sc 7 (8)

2.-12. (11 rows) sc in each st (8)

*sc around the whole piece.
Fasten off,
leaving a long tail
for sewing. Fold in half and sew each stitch
together. Stuff before completely sewing shut.*

*Make a blanket
with the same
process as the
pillow. Work as
many rows*

*needed for desired size. Sc around the whole piece to
finish off.*

For the stroller handle, I made a cord with twine. Here is a good tutorial for it: <http://www.planetjune.com/blog/tutorials/basic-crochet-cord-video/>

If desired (and the stroller is not for a small child to play with), You can add floral wire for added stabilization (it is a little fiddly, but works). The twine is relatively stable without it if You decide not to use it.

Sew the handle to the stroller.

Lilly's clothing, baby doll and stroller are now finished :o)
